**DEPARTMENT OF COMPUTER SCIENCE ENGINEERING
PUNJABI UNIVERSITY, PATIALA**

B. Tech. - Sem. III (2nd Year)

End Sem

Environmental Studies and Road

Safety Awareness (MECB21107)

Total Marks: 70

Time Allowed: 3 Hours

Note: (i) Attempt any two questions from each Section-A and
Section-B.

(ii) Section-C is compulsory

SECTION-A

[2x10=20]

Q:1 Explain the role of producers, consumers and decomposers in an ecosystem?

Q:2 Define environmental studies. Discuss its scope and importance.

Q:3 How can biodiversity be conserved? Explain in detail.

Q:4 Discuss renewable and non-renewable energy resources.

SECTION-B

[2x10=20]

Q:5 Discuss in detail causes, effects and control measures of soil pollution.

Q:6 Explain the concept and significance of road safety

Q:7 Discuss various policies and practises on climate change

Q:8 What is the impact of stubble burning on health and environment?

SECTION-C

[2x15=30]

Q:9

- (a) Define hydrosphere
- (b) Define deforestation
- (c) Define endemic species?
- (d) What is global warming?
- (e) Define food web
- (f) Define noise pollution?
- (g) What is solid waste management?
- (h) What is the function of ozone layer?
- (i) What are traffic signs?
- (j) What do you mean by alternate energy resources.
- (k) What is chipko movement?
- (l) Write control measures for industrial waste?
- (m) What do you mean by droughts?
- (n) What do you mean by global biodiversity hotspots?
- (o) Define population explosion

A-Z-2110

ENVIRONMENTAL AND ROAD SAFETY AWARENESS(QUALIFYING)
SEMESTER-III

ALL UNDER GRADUATE CLASSES(ONLY REGULAR STUDENT)

TIME 3 HOURS

MM: 60

Note : The candidates are required to attempt two question each from, Section A and B carrying 9 marks each and the entire Section C consisting of 12 short answer type questions carrying 2 marks each

Section A

- 1 Explain scope and importance of environmental studies.
- 2 Classify resources. Explain natural resources in detail.
- 3 Define energy resources. Give uses of alternate energy resources.
- 4 Define biodiversity. Explain different threats to biodiversity.

Section B

- 5 Discuss about the different urban problems related to energy.
- 6 Write different traffic offences and penalties.
- 7 Discuss the role of first aid in road safety.
- 8 Explain briefly about the various environmental protection laws in India.

Section C

- 9 Write a short note on the following:
 - a) Food chain
 - b) Ecological pyramids.
 - c) Salinity
 - d) Hydrosphere
 - e) Vermicomposting
 - f) Watershed development.
 - g) Thermal pollution
 - h) A forestation
 - i) How to obtain licence
 - j) Food web
 - k) Deforestation
 - l) Water logging

Environmental and Road Safety Awareness (Qualifying)

Sem-III

Time:- 3hrs

M.M.-60

Section A (Attempt any two)

Q-1 Why is environmental studies considered multidisciplinary?

Q-2 Why it is necessary to create environmental awareness?

Q-3 Population, consumerism and waste production are interrelated". Comment.

Q-4 Discuss the major environmental impacts of mineral extraction?

9*2=18

Section B (Attempt any two)

Q-5 What is the role of IT in environment and human health?

Q-6 Discuss briefly (a) Water shed management

(b) Environmental ethics

Q-7 "Environmental ethics effectively change the role of human from conqueror of the land to citizen and protector of environment." Comment.

Q-8 Briefly describe various traffic offences and penalties.

9*2=18

Section C (All are compulsory)

Q-9 Write short note on:-

a) Name four layers of atmosphere.

b) Give the classification of natural resources on the basis of origin?

c) Define optimum population?

d) What are Eco-marks?

e) Define bio-diversities.

f) List the role of IT in human health.

g) How is air pollutants classified?

h) Overgrazing.

i) What is value education?

j) What are Human Rights?

k) What is absorption?

l) What is In-situ conservation?

12*2=24
